

“Neuroinformatics for Neuroscientists”

The **UK Neuroinformatics Node** invites you to a one day **symposium** of talks and poster sessions at the British Neuroscience Association Biennial Conference!

The UK
Neuroinformatics Node

● ● ● www.neuroinformatics.org.uk

Date and Location: 20th April 2011, Harrogate International Centre, Harrogate, UK

Morning Plenary Speaker: Peter Dayan (UCL & Gatsby) – Part of BNA Conference

Morning session: Our new Special Interest Groups (SIGs) will be introduced through a series of talks on: “Electrophysiology”, “Image-based neuroinformatics”, “Neurally-inspired engineering”, “Computational modelling and simulation environments” and “AI, Cognition and behaviour”

Afternoon session: Talks highlighting collaborations with experimental neuroscientists.

Confirmed Speakers include: Rafael Bogacz (Bristol), Stephen Eglén (Cambridge), Marcus Kaiser (Newcastle), Seymour Knowles-Barley (Edinburgh), John Porrill (Sheffield) Alan Roberts (Bristol), Mark van Rossum (Edinburgh) and Steven Smith (Oxford).

Evening Reception: A drinks reception will be held from 5pm

For further details, please visit www.neuroinformatics.org.uk or contact Ewa Maria Henderson on 0131 650 3100 or ewa.henderson@ed.ac.uk

The UK
Neuroinformatics
Node is funded by:

EPSRC
Engineering and
Physical Sciences
Research Council

bbsrc
biotechnology and biological
sciences research council

MRC
Medical
Research
Council

Other Future UK Node Events include:

- Developing the UK Neuroinformatics Road Map
- Progressing the UK NI Skills Exchange Project
